

# Contour Line Drawings

Fourth Grade

## Objectives:

- Students will understand contour line drawing process
- Students will create a variety patterns
- Students will demonstrate use of elements and principles of art
  - *Lines, shapes, patterns, unity, etc.*

## Steps to make hands:

1. Draw 3-5 large hand contour drawings with pencil (outlines)
2. Trace over pencil lines with black sharpie
3. Cut out hands and put name on back of each with pencil

## Steps to make pattern background paper:

4. Get large sheet of paper
5. Divide paper into about 10-12 sections using lines
6. Use markers to make a different pattern in each section
7. Lightly color over marker patterns with one color crayon per section

## Steps to assemble project:

8. Use a glue stick to put glue on back of hands and put the edge of the hand on the edge of the paper, one on each side of the paper
